Databases:	MongoDB, MySQL
Tools:	GIT, Visual Studio

EXPERIENCE

- Kenmark itan Solutions January 2020 - June 2021
Front End Web Developer
 1. Improved the user interface for an e-commerce platform to meet client requirements, enhancing user experience and visual appeal.
 2. Designed and implemented user-friendly interfaces for a smart parking application, allowing easy parking slot reservations via web and mobile platforms.
 3. Developed and integrated user interfaces and APIs using Angular, meeting the professional needs of a senior advocate.
- Teaching Experience
 1. Delivered personalized programming coaching to students, enhancing their skills and comprehension in various languages and problem-solving techniques.

PROJECTS

- Youtube Clone:
Developed a scalable video streaming platform similar to YouTube, implementing search debouncing and live chat functionality using WebSockets for real-time data handling.
- Netflix Clone:
Engineered a large-scale, production-ready Netflix clone from the ground up, ensuring responsive design, high performance, and optimized load times. Utilized Firebase for robust authentication and user management.
- Food Ordering App:
Developed a food ordering application using React and JavaScript, incorporating routing for seamless navigation and Redux for state management.

LEADERSHIP & VOLUNTEER EXPERIENCE:

- Placement Committee Member: Actively contributed to the placement committee during graduation, assisting in organizing recruitment drives and coordinating with companies.
- Co-Head, National Level Event (ACM - Tech Tornado 7): Led and managed a national-level technical event, overseeing logistics, participant coordination, and event execution.

PROFESSIONAL ENRICHMENT:

- Participated in CSI CYBER FIF-C Mumbai Chapter at VMCC, IIT Bombay.
- Participated in Code Mania, an Event Organized by ACM Student Chapter Mumbai.
